HICHAM RABIH NOEMAN

Software Developer · Administrative Officer · Social Media Manager & Designer

Tripoli, North Lebanon | +961 71 684 504 | hichamnoeman23@gmail.com | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Computer Science graduate and multidisciplinary professional combining ERP software development with administrative management and digital communication. Currently a Microsoft Dynamics 365 Business Central developer at ProService 365, building custom AL modules, Power Automate flows and Power Apps front ends linked to the ERP through custom APIs, for clients in healthcare, automotive and education. Alongside development, has run student affairs operations for an education center, led training programs reaching 300+ university students, and built social media presence for organizations across Tripoli.

PROFESSIONAL EXPERIENCE

Software Developer — Microsoft Dynamics 365 & Power Apps **Apr 2023 – Present**

ProService 365 | Remote

- Develop custom AL modules within Microsoft Dynamics 365 Business Central, covering full-cycle ERP implementation from requirements gathering through to deployment and support.
- Build automated approval and process flows in Power Automate, removing manual handoffs between Business Central and connected systems.
- Develop Canvas apps and code apps in Power Apps and design the APIs linking them to Business Central, with a modern, simple UI/UX that lets non-technical staff work with minimal training.
- Delivered 7+ industry-specific solutions across healthcare, automotive and education, improving workflow automation, data integrity and reporting functionality.
- Reduced manual tasks by 80% and shortened client delivery timelines by over 60%, producing measurable gains in business efficiency.
- Collaborate with cross-functional teams to gather requirements, troubleshoot integration issues and align tailored solutions with client KPIs.

Founder **Jul 2026 – Present**

Prime Media | Tripoli, Lebanon | in setup, pre-launch

- Establishing a digital agency offering social media management, graphic design, video editing and web development to business clients.
- Directing the foundational setup: strategic planning, service architecture and operational management ahead of launch.

Social Media Manager & Graphic Designer **Aug 2025 – Aug 2026**

Alameddine Engineering and Contracting S.A.R.L.

- Planned and produced social media content — posts, stories and video — across multiple platforms to strengthen brand visibility and audience interaction.
- Designed digital and print marketing materials including banners, brochures, name tags and stamps, keeping every asset aligned to the company's brand identity.
- Tracked campaign performance in Meta Business Suite and used the metrics to shape and refine content strategy.
- Built and managed the company's LinkedIn presence from the ground up, growing its network and establishing it as an industry voice.

Administrative & Student Affairs Officer **Oct 2025 – Jun 2026**

Khotwa Center | Tripoli, Lebanon

- Oversaw student admissions, records and daily operations, keeping administrative processes efficient and the student experience positive.
- Provided academic guidance and acted as the communication link between students, faculty and administration.
- Automated and streamlined administrative systems, improving data accuracy and reducing manual work by 70%.
- Managed the center’s social media — photography, visual design and short-form content highlighting student life and activities.

Project Manager | Program Coordinator | Trainer **Dec 2021 – Aug 2025**

Alemni Foundation | Tripoli, Lebanon

- Led 5+ cross-disciplinary programs for university students in tech skill-building, personal development and digital empowerment, reaching over 300 participants.
- Designed and delivered training sessions covering communication skills, project management, digital tools and self-development.
- Managed Instagram and Facebook content — Reels, Stories and program updates — increasing community engagement by over 40%.
- Coordinated team logistics and event planning, maintained project documentation and liaised with external partners and trainers.

Initiative Manager — Basma **Jan 2024 – Apr 2025**

Alemni Foundation | Tripoli, Lebanon

- Ran end-to-end event lifecycle management for the Basma initiative, leading four core teams: Management, Design, Communications and Games.
- Optimized workflows from stakeholder feedback, improving engagement and operational efficiency.
- Directed creative development and digital strategy, collaborating on UX and visual design assets and leading social media campaigns across Alemni's channels.

University Ambassador **Mar 2024 – Mar 2025**

Zaka AI | Jinan University, Tripoli

- Represented Zaka AI on campus, organizing AI literacy events including workshops on prompt engineering, ethics in AI and no-code solutions.
- Facilitated interactive sessions and learning hubs that connected students to real-world AI applications and encouraged entry into competitions and hackathons.

Trainer — Chess & Python (Seasonal) **Jul 2024, Aug 2024, Jul 2025, Aug 2026**

Eshraqat Eelem | Eshraqua Summer Camp

- **Chess:** Taught foundational and advanced strategy to middle and high school students as a route into logic, patience and decision-making. Built level-based lesson plans, reached 55% voluntary sign-up, and organised a competitive tournament.
- **Python:** Delivered gamified coding challenges that lifted voluntary workshop participation to 60%, using structured play and reflection sessions to build strategic thinking and resilience.

PROJECTS & FREELANCE WORK

Mindful Reader — Alemni Foundation **Jan 2023 – Dec 2025**

- Curated a reading club and leadership development project focused on soft skill growth among university students.
- Facilitated interactive discussions, book circles and digital journaling, improving focus, expression and teamwork.
- Continue to serve as a volunteer on the Program Committee, responsible for IT and technology management.

Event Designer — Shamiyat Exhibition, Alemni Foundation **Jan 2023 – Mar 2023**

- Owned the event ecosystem from concept to execution: storylines, printed collateral (invitations, name tags, info stands) and interactive elements such as digital forms and stickers.
- Developed all event assets single-handedly — narrative, social content, presentations and branded print — across 10+ touchpoints.

CORE SKILLS

- **Programming & Web:** Python, Java, AL, HTML, CSS, PHP
- **ERP & Power Platform:** Microsoft Dynamics 365 Business Central, AL Language, Power Apps (Canvas & code apps), Power Automate, REST API integration
- **Platforms & Tools:** GitHub, Azure, Figma, MATLAB, Adobe Photoshop, Meta Business Suite
- **AI:** Prompt engineering; active exploration of AI tools, updates and features
- **Professional:** Leadership & team management · Problem solving & logical thinking · Time & task management · Communication & public speaking · Initiative & multitasking
